

WHERE I'M FROM

I am from a dark past where forgotten hopes and dreams are everywhere you look

I am from an empty shadow with nothing to see and nowhere to go

I am from a lonely island where love is earned and joy is rare

I am from a dangerous sea where something is always hiding in the dark,
waiting for a chance to sneak up behind you and hurt you in any possible way

I am from a world of longing where all you want is to know that you belong,

and the only people you can count on are your brother and sister

I am from the sharp jagged cliffs of despair where danger is always near

I am from a broken life where pain and fear are your closest friends

I am from a world of empty hearts and lost wondering people

with no way of knowing where to go.

This is about my past before I was adopted.
